

Incorrect text for the link “Visit Author’s page” for authors with diacritic glyph in their names.

1. Go to Amazon page with the book whose author has diacritic glyph in name:

For example:

https://www.amazon.com/G-C3-B6dels-Theorem-Incomplete-Guide-Abuse-dp-1138427268/dp/1138427268/ref=mt_other?_encoding=UTF8&me=&qid=

Author has diacritic glyph: Torkel Franzén

2. Open dialog popover, by clicking to the popover trigger arrow near author’s name.

3. Text for the link appeared in contributor’s name is incorrect:

“Visit Amazon's Torkel Franzén Page” instead of “ Visit Amazon's Torkel Franzén Page” like in the section “More about the author”.
